Dear Mr. Terry Murphy
C-Span Programming Director,

Greetings. I am writing to urge you to take action to have Dr. J. Hagelin of the Natural Law Party included in your coverage of the Presidential debates. I appreciated seeing the Press Interviews with the Natural Law party candidates already. The electorate deserves to hear his unique and inspiring platform since he has gained ballot access to so many states already. It is wonderful to see some fresh, honest blood of integrity in the field of politics. You are furthering our democratic system by broadcasting the Natural Law Party's speeches and ideas. Thank you!

Very sincerely,
