

IF WE NEEDED TO SEE 2 Liberals WITH BLINDERS
ON, WE SAW IT TONIGHT. This Democratic-Liberal
 duo have to be the dumbest pair alive. Their
examples of the CCC as a model for public
works is so outta touch with what really did
happen as to be laughable. According to these fools,
one only need to contribute to the commonwealth
through some menial work to "feel good." I notice
these 2 are doing nothing except trying once
again to spread the false, failed & fraudulent
idea of government "giving the tools." This is id-
iotic to the extreme! The only tool the gov-
ernment has is to supplant and corrode the priv-
ate sector which destroys the private initiative.
The more government gets involved, the worse it
gets. If we want to see
out what
defeat
see
one to
work!
