

Dear Espan,

6-13-97

Please do not have
that obnoxious Malveaux creature
on your program again. She is
another James Cerville, Barney
Frank & Sister Ann, i.e. talk
louder & faster, interrupt every-
one, so that no one else can get
in a word, even the great B.D.
Temptation is strong to throw
something at the TV just to shut
her up. But, then, I couldn't
watch Espan Mon. am. Worst
of all, she ruins the program,
to say nothing of my sweet
disposition.

I love Espan & joined
the noise when we lost Espan II.
They have promised to give it
back - so far, nothing.
