C-Span:

I have religiously watched C-Span since it was added to my cable system thirteen years ago, ten of these years I've been retired. It is despairing to watch C-Span go down the drain. I so often wonder why you don't change your call letters from C-SPAN To R.R.N. - rightwing republican network. C-Span promotes hatred - lies and propaganda. I also wonder how much money Adolf Hitler Gingrich donates (pays) to C-Span to keep his crazy rambling on & how much RNC pays to C-Span to keep their rhetoric & right wing meetings & panels on C-Span. Most of these organizations are funded by John Mellon Scops such as Bret Bezzell's group - Draver Norquest - Reed Irvine - Independent Womens Forum - so very disgusting. As always when Newt speaks, C-Span is there live & it's taped & played over & over & over. Newt spoke to New Hampshire Legislators last Thurs. & do you know how many times his bullshit has been on

air this past weekend. But this is common practice. I do believe you have rightwing programmers & staffers behind the scenes.

I sit on my couch with my coffee, pen & pad on my coffee table marking down calls morning after morning. (Washington Journal) The bitchin', bitter, complaining Republicans rise all three lines and lie if they're questioned. Some get in three calls a week. A big percentage of calls are from southern states. Republicans can call in & rant & rave - just let a Democrat get a call through and start to express their opinion & WHAM - they're cut off. It matters not who the host is - they always come up with the same old, same old bullshit excuse - "Sorry caller, I thought you were through" - "Sorry, caller, I didn't mean to cut you off". So very noticeable. Gov. Howard Dean asked at the close of the W.J. one morning, aren't there any Democrats out there to call in? Republican Gov. said he thought only Republicans got up early.

This Mon. morning W.J. with the slime Michael Barone was crap. In Barone & Brian Lamb's discussion of

Rep. John Christianson of Neb. (running for Gov) I didn't hear any mention of Christianson being a married man when he came to the "Family values" class of 1994, got divorced & is now engaged to the former Miss America former Miss Nebraska. Six of that 1994 class have been divorced since coming to Congress. Rep. Jim Nussle (Iowa) & Rep. Randy White (Tark.) just recently divorced. These rightwingers want to get in our personal life but yet ignore all the divorces & remarriages in the Republican party - Bob Law 3 times Dick Army 3 or 4 times Newt 2 John Kasich 2 & on & on. My Bible speaks of divorce. In a climate in which "Family values" is the newest political claim of moral superiority by the rightwing, perhaps the Clintons deserve more respect for their commitment.

I lived in the 20's & through the horrible, damnable years of the Depression. I get so angry when you put on staffers & journalists who are young, wet behind the ears, know it all, smart ass whippersnappers that think they know all about life.
