Dear C-Span,

What a great program you are presently featuring. I am referring to "American Presidents."

I would like to request from our public library they purchase the set. I realize it is over \$100⁰⁰. This is a video full of information for those in search of the most thought out presentation in recent times.

I have one problem.

Could you send me a form to fill out (Purchase Order) or just mail me a correct address & correct cost so I may submit it to our local library. Thanks.
