

Did you ever think the
laugh of this century would
be displayed on T.V. for
one and all to see & hear.
I had said a prayer that
God decide the Clinton
decision and as I sat and
watch the comic scene of
this age took place

Two, yes the "Judgement Two"

"Hyde & Livingston"
Two Cheaters of Republican
stature are in judgement
of the President's Moral
posture became the biggest
"See Saw!" in this household.
The good Lord after a
prayer regarding the Moral
Charge gave us the answer
Land & Clear?

Those who judge are as

201
guilty as those they charge.
Should the Hec Saw of
the Congress & Senate
tell us by words and
actions your sad, very sad.
Mr. Clayton is, was and
probably won't clean this
act up without help and
that could be the conscience
folks want to see he shall
see a "therapist as long as
he is in office."

Maybe the two houses
should do the same.

Casting the first stone has
truly backfired on Overmore
fools called Republicans. They
threw that stone but its
bouncing back to them.
