Friday Morning

Trying to keep + convey my impressions
re Budget Coverage - Goddess knows you at
C-Spon have tried very hard!

First of all, fooling people + the distrust
in return by Citizens is a circular event we
don't seem to be able to break into. However,
what noise by Republicans!! When the middle class
and poor were being ravaged over the last decade
and more, where were the noisy Republicans?

Too little has been said and pictured for
voters re the Cuts by Reagan for the wealthy -
50% Cuts!!

We are now trying to Restore + Reverse those
Cuts. For those who say loopholes will make a
comeback, I say loopholes never went away.
I think we need to look at V.A.T. Taxes on
business, and Americans need more info on that

2 type of tax.

To me, the question is how Republicans
so deteriorated the middle class that we
may have a full-fledge depression soon —
this has a worldwide impact as we saw in
the 1930's —

But, optimistically, the Clinton budget
was watered down and we still need job stimulus —
We've spent \$89-Billion on unemployment
since 1990 — yet, we can't get a \$16 Billion job
stimulus!!

Coverage of the Budget is still very
winning + losing Demo vs Reps, Very high school.
We need coverage that discusses the common good,
and not parties winning + losing.

More than ever — but not mentioned this
morning on C-Span by anyone is that we need
more Independent (Third Party) Candidates in
Congress — (Perot is a Republican... and I for
one am really tired about hearing of his
wonders!) We need some different parties

represented in Congress -

Women's parties - other, independents -

Off Perot's "United We Stand" is going to
have a platform and Congressional Candidates,
lets hear about it!

Best Wishes -

P.S. Gotta note from Rep. Bob Franks telling
me he can't support taxpayer financed
campaign funding as rip off of taxpayers!
I'll write back to him, but Republicans
are using this excuse to stay in office
conserve without money from the wealthy,
they'd not be in office!

Let's add up STL theft + embezzlement,
etal... and we'd have saved a bundle
if we had common funding...

I think we need to look at that on
C-Span -

Also, where are the polls re getting insurance
companies out of health care - ?
