

Notes Thanks for trying to pin down
the sad people that call in to push
their agenda (6/2) and proving once
again (as "one note negroes" say) that
mother is only half a
word-especially when referring
to Mother Jones / the SA
junks) that you have on
(Carmoth.)
your program!

O. W.

The only way you're going to improve the call-in is with proper screening. as you have "experienced" most of the callers will lie to get on and make a speech.

Look forward to the day when you move out of the "public service" area and concentrate on quality. With your vast experience, you may be able to produce some quality TV, at some point.
