

(1) Why In a Conservative

"In a CSAN Junky" 1/25/92
was going to write to
Senator T. Harkin, ^{who beat} his ^{beat} ^{beat}
I listened & listened ^{claimed to} be
you this Saturday. You ^{are} Liberal
& I are opposites.

My 1st Vote 1938, I was
in Voting Booth when a
Man approached me and asked
quote "May I help you?" I
replied quote "no thank you".
Still another man came forth
with quote "May we help
you?" I replied quote "
no, not really since this is
my 1st vote it is so import-
ant as matter of fact I just
wrote to Pres. Franklin D.
Roosevelt - he wanted to
pack Supreme Court primarily
to help his Great Society

Programs he was launching.
I disagreed with the theory
that Government had to spend
Tax dollars on these ill
funded Programs for Political
Policy. I had remembered
FDR gave away our Sunday
Shirt at Galt's Tavern.

He seen thru 3 Wars I
undeclared for by LBJ
from SS Trust. "I lived
thru the Viet Nam War
devastated by it. Nixon was
elected with an over coming
plurality. He said he wanted
to end that Viet Nam War.
He was not possibly personally
liked - yet the big Man."

So LBJ had to tell Nation
he wouldnt run for another
term. So with Nixon elected &
Watergate, I wrote to Nixon to
put winning of War on front
burner & let Watergate on back
burner.

Now it was said with Senator
Sam Ervin leading up
Impeachment Panel - that he
was a "small town lawyer" on
several times. Well in back
ground it was said this
same Senator S. Ervin had
Blocked Investigation of F.B.I.'s
"Millions made while in Office".

So the Liberal Democratic
Controlled Congress of 40+ yrs
getting elected each term giving out
Treasures (not financially sound).
So today after 50 yrs of Great
Society Programs (now called Entitlements)
we have a monster (The Deficit)
& it "created". Not Reagan's Bush
10 yrs I hear. So the chickens
are home to roost. These Liberals
can't move etc., "Where's the Beef?"
Our Congress can't make sense.
It can only spend what.

Watched Budget Committee,
2/12/92. It is said "they"
the Liberals in Congress are
desperate to get into the Oval
Office; "they" will hold up
an upturn in this Election
Year. Sen. A Mitchell for 2 yrs
secretly going around to get
Health Care Plan for upcoming
Election 1992.

I write to "him" & others daily
cards especially as I watch
CSPAN & CNN.

Will vote for Pres. G. W. Bush
& V. Pres. Quayle.

On Health Care I disagree with
Pres Bush. I'm for National
Health or Universal Health
a la Canadian style.

"Cradle to Grave" Plus Plastic
Card, "Gov. Single Pay," "For all"

2/12/91

CSPAN

Pres Bush has caved into
Insurance Companies & Doctors
& Special Interest. I'm afraid

he's explained the simplicity
of Canadian Plan. Hence
in Canada & Sister-in-law
in Scotland.

An 18 million fund to
debunk Canadian Plan - by
guess who? Here,

Canadian MP (CSPAN) said, quote
"She couldn't understand why US
didn't have National Health." In
one breath her (2) guests replied
quote Politics!

So much so far,

In writing to this Congress
especially Depandt I ask
what has this Liberal Congress
in Control done for us??

- #1 S & L Mess
- #2 FSLIC "
- #3 FDIC " Billions
- #4 HUD
- #5 Student loans default.

That could have given us
good things Health Care
Infra structure etc.,

Now to my last concern.

Watching Mario fortuning day
in & day out. " I think his
heavy baggage is a detriment.
I have a pretty good idea what is
in that Baggage. So he has
decided to play out till Draft
time - not allow himself to be
at Risk. That I say is because

(4)

I have an idea (having lived
in N. Y. State) what is in
that baggage.

There ^{has} been a couple hints
or sound bites. We will see
the outcome perhaps, if I'm
right about what I think
is in that Baggage.

You see going around Country
Campaigning he'd be up
against all questions right?
One call in called him a
coward.

I was called an Intellectual
by the (2) men in Voting
Booth 60 yrs ago so have
been carrying that Flag ever since.

Now that Bush has declared
I will see that I get (2)
Bumper Stickers from GOP
Head quarters. They will be
Bush one side & Quayle other
side pasted on my Blk Purse.
I did it for Reagan too.

I live in a Federally Subsidized
Residence below Poverty Level,
My Spouse 1986 died of
Alzheimers & took his Bank
Pension with him. He died
1971 & asked me to Pick Option.
I picked 1980 - 10 yrs Option.

In noted in Washington DC
I don't share any interest in
Minnesota Politics a la Wellstone
ilk.

I write to Pres. Bush & 1st
Lady Barbara Bush on many
occassions. I now write Att. Alan Skinner
Chief of Staff.

12:45 AM.

head of all this writing

Trust you can make

Incidentally I had written
to Pres Bush a year ago
the Health Crisis would be
#1 Heard Sen. Mitchell was recently going
around.

To Pay for instance the
Canadian Style

Rearranges Billions in
old Programs

#1 Medicare 50 yrs old

#2 Medicaid 50 yrs old

#3 Entitlements 50 yrs old

↳ Great Society Programs

The Great Health Crisis
Debate (30 Bills in Hopper
in Congress)
