C-span Folks,

On Nov. 21st you had Richard REEVES scheduled for Booknotes regarding his new book on President Kennedy. I was really looking forward to this show. It is my favorite show of all on C-span. We on the west coast did not see it at either 8 or 5 PM (PT) as usual because of the live coverage of the House. I only get C-span 1. Is there "any" way of getting a transcript of this show? I was very disappointed when it was not shown. Can you help me out with this?? I'm reading the book now & would enjoy reading the interview also!!! Keep up the excellent work.

Thanks,
