

Dear C-SPAN-

June 6, 1993

1st: Thank you so very much for your superb programming. I don't know what I'd do without you!

I would like to comment on your new graphics, began this past week. I have found (as have several of my friends who are also ardent fans of yours) that the new graphics are very difficult to read and the blue bars under the printing blot out parts of the TV picture. The former graphics, appearing both on the bottom of the screen & your programming updates were much, much better.

Again, thank you for opening up government to us. Sincerely,
