Re: Environmental Summit

Dear Director:

I am interested in obtaining a copy of the Ukraine Contamination Map which shows damaged areas resulting from the Chernoble Nuclear facility accident. It was presented and referred to during the Ukraine news conference. Yuri Sckdierbakm Minister of Environmental Project (Ukraine) and Ivan Pliushch, Parliment Vice President of Ukraine participated in the news briefing, which aired on June 14th. at 12:00 noon.

I am including material on the earth summit in my fall Sociology class and would very much appreciate having this map. Please let me know if obtaining it is possible. I would like to have it by the end of August. It you are not able to provide me with it, would you please forward a name and address of someone else who could. Thank you for your time and consideration.

Sincerely,

P.S. Please forward correspondence to  
my home address:
