

It seems to me that on your Washington Journal show  
bashing President Clinton morning, noon and night

probably makes 15-20% of  
PPV. On the other hand, as  
and over again in the past  
majority of the people does  
President's sex life 1, 10

or 21 years ago, but more importantly, the  
hate and fear mongering callers help to create  
even more anarchists and terrorists who roam  
around burning, bombing and murdering innocent  
people. If you looked hard enough, you could  
find topics that are more useful and interesting  
to society. After the year 2000 you won't have  
a choice anyway.

It seems to me that on your Washington Journal show  
berating President Clinton morning, noon and night  
will never end. This probably makes 15-20% of  
the population very happy. On the other hand, as  
it has been proven over and over again in the past  
12 months, the great majority of the people does  
not care about the President's sex life 1, 10  
or 21 years ago. But more importantly, the
