I watched your televised Program
of the Christian Coalition on 9/13/97

I watched Don Hodel fake about
the Home Base of the Christian Coalition
being in the Part of Va. that use to be
a swamp Well as a Christian an I can
tell you there is the Right Place as
they are the swamp of the Christian
Religion As they are the biggest backers
of the conservative Party, A party that is
Anti Family, Anti Union Anti Working
Families, a Party that has Passed Bills
to ship all our good jobs to Mexico or
Asia to fatten the Pockets of the Powerful
few that now run our Nation He talked
about Mothers staying Home an raising
there families. A mother an father
today Both Working Can't make enough
in wages to support there family as
the Party they love has brought back
low Paying service jobs, Part time
temporary jobs No Benefits. They Passed
Bills to Break the Unions like the Right
to Work law, a Bill Passed to Break
over

The Unions of the jobs greedy Corporate America can't ship to Mexico or Asia they must be done here, this group is the most hypocritical bunch of people in the Nation they should be ashamed even to mention the words Name, as the Conservative Party stirred up racial hatred to get control of Washington the Christian Coalition uses the same subtle code words to divide the races of our nation. A Randy Tate talked about his hard working father, he had better talk to him on how his fathers generation and my generation had to use brute force to get Corporate America to pay us a decent wage, decent benefits, they didn't give it to us we beat it out of them with clubs and bats, so this is the Party they Back a Party Born in 1776 a Party from ~~now~~ then till today is bought and owned by Corporate America and the few powerful that run our Nation a Party that has always been Anti Working families a Party that hates Unions, taxes, Medicare, Social Sec. and anything

that better the working families of America. These young nerie yuppies should go on read an watch the films in the libraries when the Conservatives controlled our nation before Roosevelt, Watch the despair in the People standing on soup lines. Watch the mile long lines of People looking for a job that Paid slave Wages No Benefits, Watch the films of the top 15% living like Kings an Queens An if it w exen't for the great uprising of my Generation would have continued, Now thanks to Reagan an his foresight of the great Racial divide in our Nation which he used to get elected this Conservative Party is back in Power, So Now we have downsizing, jobs ship out of the Country by the Millions Wages an Benefits going lower an lower for ten year in a row as Corporations Profits have more than tripled Because of sending there Plants to Asia an Mexico for cheap slave labor, An Putting the American Worker in the streets. This is the Party over

Pat Robertsons ~~followers~~ followers love. But ask 90% of his followers if they have the millions of dollars that Hypocrite has. He has these nice bunch of rare haters armed to help protect his fortunes and to make him more millions. It makes me sick as a white Irish Cath American to watch that Elmer Gantry Help to destroy everything my generation fought for and got for the Working People of America. We built the Richest Middle Class in the World and in just eighteen years garbage like that has help to practically destroy it. I myself am not a church goer I have had two major open heart surgeries in in March of 1995 they gave me ~~at~~ 6 months to a year to live. In Sept, of 1995 I had a heart transplant one of the few fortunate to get a heart. Sister Lonetta ask if I go to church I said no Sister, But I'll tell you Sister if there's a heaven I'll be there before 95% of those Hypocrites that go to Church will and I mostly mean a Pat Robertson
