Dear C-span, (I LOVE BRIAN LAMB) <sup>YOUR ALL GREAT!</sup>

I am a "C-span junkie". I just wanted to write and say, I saw Ross Perot speak on the National Press Club. I thought he was awesome. I commend Ross Perot for his stand on vital issues that are facing America today. The "United We Stand Organization" is an excellent way to bring the American people together as a "Voice".

I suggest C-span bring Ross Perot on your live call-in shows. I would like to hear his views on the Clinton economic plan. I also suggest C-span view his "National Referendum" that viewed Sunday night on NBC. I missed it and would like to see it.

C-span is great. He tries to get through your View Call-in, but never can get through.

President Clinton's economic plan is flawed and should never be put into law. God help America if it gets passed into law. This plan will destroy the

fragile economic recovery that has begun. Its not only a tax increase, but The BIGGEST tax increase. This will kill the recovery. If Clinton got rid of All the waste, abuse, and fraud in the federal government, there would be no need to raise taxes on any of the American people.

As for Hillary's health care reform package, she's going to fast. Im afraid decisions made in haste will bring more waste. I wonder who will be blamed when her health care package fails? Who picks up the enormous tab? Will her "secret task force" get the blame and Hillary Rodham Clinton come ~~out~~ out with her hands clean? Price controls in the health area would force the government into the realm of care rationing. The American people never voted for care rationing. I could go on and on but I won't. Please put Ross Perot, on your Viewer Call-in shows. He's AWESOME!
