Dear C-Span,

I have always been a C-Span junkie, but I'm tired of your Clinton bashing. I used to think you were non-partisan and I had hoped that you would help Clinton succeed in his effort to make the "have-nots" feel like they have a chance to be a part of the American dream.

Why not give him a break and try to work together?

I've been watching very closely and I'm disappointed.

Incidentally, I'm not a "have-not"! My husband + I make over 100,000, and we'll be glad to pay as much more as necessary -

I'm a teacher.

P.S. Remember he's the only Pres. we'll have for 4 years. Give him a break for 3 years + if it doesn't work, you will have 1 year to get someone else.
