Dear Mr Steve Sully:

Our "Jasey Clan"  
enjoyed your C. Barn pro-  
gram, with Mr Ross Perot  
and Mr Lank and Crew.

It was super great to  
hear and see this quick witted,  
brilliant "all American", compassionate  
-ate family man" in such an  
ideal setting!

The major question "The  
People" are concerned about - is  
the "retails, fine print" contents  
of the proposed politician's so  
called Trade Treaty, with Mexico?

(Canada)

This pertinent information  
obviously should be defined  
by all the president's staff, the

U.S. Congress, who are required to  
Vote, study, & evaluate every phase  
also on C-SPAN, or media prior  
to hiring Mr. Daley, to head this  
Additional costly (politicians)  
so called task force. Attempts  
to "brainwash" the unsuspecting  
American people!

We Caught Mr. Lloyd Benton  
Political Propaganda pumpers?  
Out words of "Jobs/Economy"?  
& Bond Rights Quinick, for Interior  
on mental messes, in a structure  
double talk, "No Fact Detail"  
Just more "political ram/jam"  
tactics on their controversial Trade Treaty

By the way "who in government is  
or are safeguarding the equal  
protection, rights of the struggling  
Taxpayers, the stockholders of government?

What's with the Press/Media?  
overall coverage on vital issues?

See Daley
