Dear Susan Swain:

I do love C-Span and, as so many others, I've become a C-Span "junkie" — But tonight I am furious.

Of all of the hundreds (at least) newspapers in Arkansas, Why must you always — at least 4 times I've seen — continue to bring in people from that same dumb paper who love to bash Gov. Clinton??

As he has said, "you are not interested in any of the other newspapers in the state, of course, they are not all for him." Republicans I'm sure.

Please no more from those creeps at the Arkansas Democrat Gazette (I believe it is). They have an axe to grind in their hopeless attempt to keep Bush around to completely destroy our country. We have seen too much from them.

Last night was wonderful with Bruce when he had on the author and the Maryland professor — including Gov. Clinton's Georgetown address.

Sincerely

I have always  
believed in Gov.  
Clinton & will  
continue to do  
so!
