Dear Mr Lamb,

I certainly appreciate being able to see and hear C-SPAN each day. I have been viewing since Cable was made available to my household in Philadelphia in the late 1980's. I appreciate the variety of coverage made available.

This note is being prompted by the recent coverage of the services for

the late Secretary of Commerce,
Ronald W. Brown. I have watched
every program where coverage
was provided and I am grateful
to you.

Please continue to provide us
with all kinds of "situations"
through your network even though
sometimes many negatives come
from the callers.
Again, thank you and continued
Sincerely,
Good luck.
