Dear Sir

Thank you for CSPAN - I have only recently begun watching your program and I enjoy it very much. I recently learned that also you may have some items or memorabilia that is available to the public, could I ask you for the specifics and a price list. Your series on the Presidents show most have extensive libraries and I would be interested to know - what books they read - what books you would recommend on those you've presented that I have missed starting with the first President George Washington. The TV programs listed in the local paper doesn't list the title of the programs CSPAN presents. So you have a listing available of the future programs of the current series on the Presidents. I am interested in John Adams and Thomas Jefferson - not exclusively. I am past my three score and ten and need glasses - the addresses and telephone numbers are

DIFFICULT TO READ FROM MY USARH ARMCHAIR, COULD
YOU MAKE THEM A LITTLE LARGER, THERE ARE PROBABLY
OTHERS LIKE ME WHO WOULD APPRECIATE IT AS WELL.

THANK YOU
