## PROGRAM SCHEDULER:-

I am disgusted with you - why  
did you cut off the President talkup  
with the Governans on Monday afternoon  
in order to re-broadcast a show  
we already had seen the previous  
Saturday - Future of the U.S. Space Program - a Close Up

we missed the Governans talkup to  
the President, + Vice-President Gore -

If you are going to advertise  
coverage - please cover.
