

Dear C-SPAN - Brian:

5/21/94

Thanks for the opportunity to hear issues discussed on C-Span. Your coverage is important and crucial to an informed public.

Where is all the hate coming from?

(1) Your staff pushes the liberal bubble and cannot handle it when someone disagrees.

(2) Your coverage is not balanced as this week's Journal Roundtable had 3 Liberal Democrats. Conservatives make good guests too - No debate on issues.

(3) We do like strength and character in our leaders. Clinton has no moral values -

Did he inhale?

Of course -

He refuses to fight, he lies constantly, he taxes and spends our hard earned money - He sleeps around caring little for Chelsea's feelings. What kind of man? Can we trust him?

Did Vince Foster trust him? If America ceases to be good, it loses its greatness.

(4) Why do you not invite great leaders and patriots to your show such as Perot, Fitzgerald, Bennett? Colin Powell would do fine -

(5) Very few Congressmen know what the budget is all about. Why do you generally invite the liberal tax and spenders? Please show less of Bill Clinton and more of Congressmen who care.

- (6) People in the real world are fed up with a Press which never asks the tough questions and sides with evil forces -
- (7) People are tired of the Press making fun of conservatives and religious people -
- (8) People are tired of Clinton Town Meetings where questions are planned ahead and real people never get to ask a question -
- (9) People are fed up with losing our jobs to the Orient and Mexico. 1500 people have lost jobs here due to NAFTA which Congress forced on us -
- (10) If the Press had reported the truth before the 92 Election we would not have a sex-starved pervert spending our money and telling lies -
- (11) People are tired of Crime and crooks like Rostenkowski going free. Was Foster murdered?
- (12) Whitewater stinks! A money ring convenient to greedy individuals in Arkansas using \$60 million of our money - Wow!
- Clinton is a farce. Liberals can't stand criticism but like to dish it out. How about inviting Rush Limbaugh for some truth.
- Brian, you are clever, you do a good job but we know the truth. It's obvious you are on the liberal side. America is losing greatness to folks like you!
