

DEAR MR. Lamb,

Participating in the Close Up Washington Program has changed my life. The program has taught me that I should not be afraid of being involved in the government. I would like to thank you because the program would not have been possible without people like you.

ON the trip I got hands on experience CONCERNING government and how it works. This was the case on Capitol Hill day when I met senetor Kennedy and Congressman Kennedy. It was a great experience and I hope future students will be able to take advantage of this great and educational trip.

Sincerely,

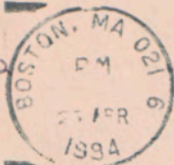

BM 773-4
