

Mr Lamb,

O-W's
split

Nov. 22, 1996

One morning on C-Span you became visibly upset when a Viewer called in + Challenged you about the 3 phone lines. I have you on tape saying after the election you wd. revert back ^{to} be-
for campaign. I am sorry to hear you have become politically correct. People do not use lines as specified on screen. In order to get thru the lie, you call that fair?
