

Sat. 5-18-96

Your host this date certainly
comes across as a parent,
& antagonizer, with a straight
face - as he hosts Co. - you -
He points out articles, & brings
up subjects, that seem to mostly
be choice subjects for the Liberal
racist guest on the show.

Some of us are fed up to the gills
with this racial issue, that the
media delights in, as they
solicit votes for President Clinton.

If the subject is going to be race,
please let the host announce names.
The NAACP probably is delighted
with the two black men against the
young modest conservative girl.

I've had to turn you off - program
is just too one-sided.
