Dear C-Span:

Channels #38-39- CNN #37- & I love to watch, I love to watch the Congress, pass legislation. The Senators and Representatives, they really work for us. Today, I watched Queen Elizabeth in England reading about their democratic way of passing laws.

Their way is really ceremonial and beautiful.

By now you know that I have to decline accepting the trip to Washington DC and visit the White House, if I win. I can't leave my [redacted] alone. He needs me all the time.

So, just send me \$25,000. The watch I received, for renewing my subscription to TIME.

Also, would you please inform Larry Klayman, Esq. to stop bugging President Clinton and Hillary. He is a good President and all Presidents have skeletons in the closets, also, First Ladies.

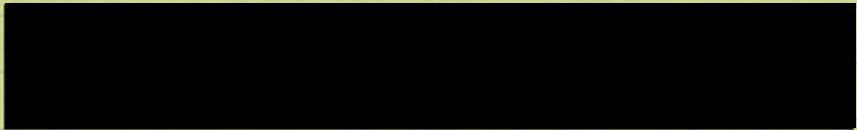

God Bless General Levy and Ted Turner and Jane Fonda for making this world a ours

a better place to live when you get old and
have nothing to do and Television becomes
a part of your life and gives you reason
to live. Ninety-four Channels - it's
absolutely "marvelous" - Also Warner Brothers.

G-d bless all the Countries across the
ocean and especially the U.S.A.

Sincerely,

Consumer, of
TIME-WARNER, my Cable System.

P.S. I would have made a great script Writer.
