

Dear Mr. Lamb:

Thank you for C-Span - you have done much to save participatory democracy in giving people a voice. It was a wonderful idea and we are all indebted to you.

About the Congressional retirement benefits - you must know that Hastings Keith, a former Congressman from Massachusetts, has been waging war on this issue for at least ten years - probably longer. I think it was the L.A. Times that ran a piece by him not long ago spelling out its worst aspects. We read it in the Hartford Courant, I think.

Mr. Keith would make a wonderful guest on any program you own.

And now, we don't know him personally - [redacted] had some correspondence with him years ago.

Best wishes in your endeavors to keep us all abreast of developments in Washington - we need you.

Sincerely,
