Dear Mr. Lamb:

If I hadn't known that C-SPAN had pre-scheduled a trip to Arkansas, I would have judged from the Sunday, January 23rd program that you had joined the *damage control* for the administration.

It was amazing to view first hand the "love-fest", "pat me", Arkansas mentality. Some call it "small state". I call it "crafty" bordering on fraudulent!

Sincerely,

Wilsonville, OR. 97070
