Re: David Wade, College Democrats of America,
President. The Arts in America.

Mr Wade kept saying we? in the Arts
debate. Who are the 'we?' that he says
must support the Arts in America. Sure
not me or many I know.

He said America must 'lead' the World
in the Arts.?. I don't believe the the
World cares about Urinating on the Cross
and throwing excretion at each other on
the stage Calling it Art.

Europe are Masters of 'real' Art and don't
Need help from our so called "modern"
Art.

Re: Scratchy sounding voice.

Seems like she comes on every week.

We know by now she is a Democrat.

Her voice, her signature, is something like in the old Western films when

the women always had that scratchy sound from too many Cigarettes or

Cigars (in those days) and shots of booze!

Maybe that's why she calls so much!

but why she gets by your Monitors?

I've never talked to one of your Monitors

but be interesting to see if they have

scratchy sounding voices??!!

Cheers,
