To Whom It May Concern:

We, the undersigned, would like to encourage you to carry via live broadcast the keynote address of the NRA Members Banquet at their National Convention in Nashville, TN on April 24, 1993, featuring Rush Limbaugh. What he may have to say would be of great interest to much of your audience.

We have, by the way, chosen to obtain much of our information on the many happenings of the day via CSPAN rather than network news. You provide the information/speech/debate, etc. without a blow-dry talking head to "translate" the material, making the politically incorrect assumption that we are quite capable of understanding what is transpiring. Thank you and keep up the good work!

Sincerely,

Vacaville, CA 95687
