

Mr. Brian Lamb,

MAY 8, 1994

Dear Sir.

I watched your D-DAY
Remembered with intense
interest. [REDACTED]

[REDACTED] at the time and from
a small N.J. Town. you
knew personally all those
that were in the Service.
a local Ice Cream and
Soda shop had individual
pictures of each Serviceman
in their front window I
remember passing by and
seeing some with a small
gold star on the picture
My Father explained just
what this meant that they
were not coming back.
this was awfully hard for
[REDACTED] to accept

also [REDACTED]
[REDACTED]

But I worried needlessly
because he was not a
Combat Medic. [REDACTED]

[REDACTED] When news
of D. Day was heard at
Home I remember the
neighborhood as being
ecstatic yet very
apprehensive because many
had sons in the European
Theater.

Great show Brian it
should be made
Available to History classes
throughout our ~~country~~
country.

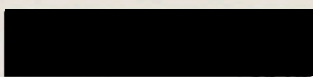

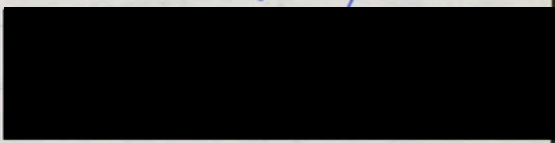

This event and these men
should never be forgotten.
and should never be
allowed to.

We succeeded on D-Day
because of gallant and
valiant men & women!

I for one will never
forget what they did.

Again thank you for a
great look into the
turning point of the war in
Europe.

Sincerely yours

MT. BETHEL, PA. 18343
