Congratulations C-SPAN. Now that Susan
sacain has emerged from the closet as a
certified "ditto head" - sloping praises
from Rush Limbaugh - the truth is
obvious. your talking heads are not
unbiased even though you state you
take no conversative or liberal views.

Balderdash. Susan just blew your
cover. Moreover, C-SPAN has become a
televised version of hate radio where you
rather insult, defame, belittle, ridicule and
offend viewers and guests alike. A pot
on your house for poor management.
