Washington Journal

Gentlemen:

Concerning the C Span Washington
Journal program of Aug. 10, 1995:

I was shocked and dismayed
with the one sided slant of the
morning journal. I have been
watching C Span expecting a more
non biased reporting as I can't
find it else where.

On the above date Susan — showed
some sleepy looking Man's Carlton &
Mr. Nixon's stamp as if he was
looking from 'behind bars'. As if
this wasn't enough she gave
this Man free advertisement as
to the cost, and where, one could
purchase envelopes stamped

with this Cartoon.

I think ste and M. Zajas
and the Cartoonist should do an
honest research of the life
of M. Nixon and compare it
with our present President
and any of those who still
enjoy crucifying him.
I'm sure they'd be in for
a great surprise.
