Gentlemen:

On August 31, or September 1, I
viewed a program on C-span of
an Appellate Court hearing.

There were three judges and several
attorneys who argued a case in-
volving a U.S. Marine called
Curtis, in a death sentence.

It was brilliantly performed.

I am almost certain that the
show was announced as "live."
This was disputed by a friend
who insisted that it was a
"repeat" or an acting performance.

(over)

I would appreciate your advising me whether it was "live".

Gentlemen, I am mesmerized by your wonderful programs!

However, I am shocked at the British Parliament-attacking, insulting, and shouting at wonderful, charming, and brilliant Margaret Thatcher. My English friend calls it "Democracy". She is no longer my "friend".

Thank you for your kind attention.

Respectfully,

Altamonte Springs,
