C-Span:

I am disappointed that I have not seen my candidate, former Governor Jerry Brown of California, on your network, and I am wondering if there is some sort of news blackout of him going on. He toured the devastation of the riots in California today, and I would liked to have seen that.

I think Gov. Brown is the most intelligent, compassionate, and progressive candidate we have out there today. There isn't another candidate running who can come close to Jerry's wonderful, outstanding record as Governor of the "nation" of California. He is a bona fide candidate for the Democratic nomination for President and should not be ignored.

Please let us have more of him on your network!

Sincerely,

NORDBUF:
