Washington, DC 20001

Dear Mr. Lamb:

We have recently returned from our Close Up trip to Washington, D.C. and wanted to take this time to thank you for your generous support of the Close Up program. Without that support, we would not have been able to have this truly educational experience.

It is one thing to read and study in a classroom using such things as books, handouts, and films. It is quite another thing to be able to visually taste, to touch, and to really feel what sometimes seems foreign and far away. This is particularly true of federal government, a concept that sometimes seems to be out of the reach and influence of our daily lives and run by people that we refer to as "they".

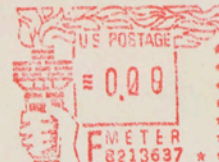

But, having been to our national capitol, where we saw, heard, and, in a sense, touched "they" we came back with a feeling that it is really "us". Yes, "they" are there, and "it" (the government) is there but "we" are there also because our experience has given personal meaning to the phrase "...of the people, by the people, and for the people"

The educational and cultural benefit of this trip was tremendous, and again, we thank you for that. We hope very much that you will continue your support so that this opportunity is made available to other students.

Sincerely,

Sponsor
