Gentlemen:

I am registering a complaint concerning your programming schedule.

Each day, my family looks forward to viewing the Moscow Evening News on your channel. We plan our schedules around it. However, we are often disappointed. It comes on at 5:00 CST, but you OFTEN replace it with a congressional program. On occasion we have found the voting that was done that day being run rapidly on the screen for extended periods. But the most unreasonable is the SPECIAL ORDERS, where on one occasion there was only one person in the entire chamber and that was the person who was speaking. On two other occasions there were only five other people listening to the speaker.

Please do not cancel the showing of Moscow Evening News unless it is absolutely necessary. We appreciate being able to have it available, but would like to be able to depend on it.

Sincerely,

Jonesboro AR 72401
