Dear Mr. Lamb:

I would like to personally thank you for your generous support of the CLOSE-UP Program. As a participant of this program, I was exposed to the many different aspects of our nation's capital through direct involvement. I learned firsthand how our government makes decisions that affect our country by visiting Capitol Hill and attending Congressional meetings and committee hearings. The CLOSE-UP experience broadened my perception of political processes. I developed a better understanding of current issues in both the United States and the world and how these issues will affect my future. I also made many new friends from around the country and learned to appreciate different viewpoints. The CLOSE-UP Program Instructors encouraged us to express our opinions. The seminars, speakers, monument visits, workshops, and other parts of the program allowed us to develop our political views and ideas. I learned more in one week in Washington, D.C., than I ever could in a classroom. This was an unforgettable experience.

This incredible opportunity would not have been possible without your support. Your time and effort is greatly appreciated and I hope you will continue to support this highly educational program.

Sincerely,

Dear Mister Lamb:

The Cable Satellite Public Affairs Network has provided a great service to the youth of this nation--Close-Up's trip to Washington, D.C. While you do not run this foundation nor are you one of its employees, you donate money and other services with out which this trip would not be possible. As a recent participant, I would like to thank you for enabling me to go to see government in action.

Thanks again,
