I have been watching C-Span for years now and I am sorry to say that I think you are not telling the truth either because you are being censored by someone or some group or are self-censoring.

The reason I believe this to be true is because you do not mention anything about other Presidential candidates other than Bush, Clinton, Perot and other Republican or Democratic party members.

I am specifically concerned about a Presidential candidate who is on MORE ballots than Ross Perot ever got on. This individual is Col. James 'Bo' Gritz.

I am sure you know who he is because you seem to go out of your way to keep him out of the public eye. This is surely not acceptable in light of the fact that America is still (as far as I am led to believe) a free Republic. Whether you like it or not, the original Constitution of the United States and our Bill of Rights are the governing outline of our country. The duty of a free press is to inform "We the People" of the Truth. Not your version of the truth or the white house press corp's version of truth. But unadulterated, non-political, like-it-or-not TRUTH!

I DEMAND you do a story about Bo Gritz and other candidates which state THEIR campaign position and platform. Also, I would like to see various commentaries pro and con regarding the interpretation of their position. And finally, I would like to see some truthful research regarding the many so-called facts that would be presented from both sides.

One thing which seems to have been forgotten in this country is that freedom of the press stating everyone's viewpoint is VITAL to a free, democratic republic. The reason our country can tolerate viewpoints from the KKK or PLO or Zionists or ANYONE is because when ALL the information is available equally and unfettered,

the truth is VERY plain to see. If someone comes out and proclaims themselves to be a Nazi and has the freedom to express his/her opinion, we each can see that they are dangerous and sick and should not be supported. Freedom of press does not imply a support for a particular viewpoint. You seem to have forgotten that and seem now to be controlled by the very fears you proclaim to protect the citizens from!!!

I will be looking forward to your story on Bo Gritz in the very near future. He can be easily reached at the numbers below.
