

Dear Brian

8-3-90

I'm reading Paul Gottfried's "Letter" to Wash. Times,
of July 30 re C-SPAN and coverage of Reed Swines
AIA, charging "censorship" earlier this month. I
wrote you earlier but now I'm wondering: Did
C-SPAN 1) suffer a black eye? 2) lose its
virginity? or 3) sell its birthright for a mess
of pottage?

Cordially,

P.S. Leaking details big money is that C-SPAN
was bruised in a blind-siding.
