I wish you would study the
History of the Republican Pres. Presidents
2 of them are Responsible for plunging
this Country into Bankruptcy,
Hoover + Reagan. The History of Reagan
is Japan with out representation
He took everything he could except
an honest income tax - He Borrowed
so much from Social Security (my
savings) that he wanted to dissolve it.
He changed the Income Tax structure
in favor of the Rich + a big Capital Gains
Profit. He Borrowed Borrowed Borrowed
from the World Bank + never paid back.
He also borrowed from Japan.
Nixon was impeached, and Bush Reagan
should have been with the White
House. Bentigone, Iran Kate Scandale.
Bush should have been Investi-
gated. but the White House Gang
Covered this up. Reagans Defence
Machine built this armory
The Warrior Bush had to try it out.

at the expense of the infrastructure
of the U.S.A. We are a third class
financial country. He (Bush) believes
in funding other Countries, before he
finances the States of this Country and
every State is going bankrupt. He
wants to change the Constitution of
this Nation. This is Dictatorship - There
are four Governing Bodies. Congress
these men are not stupid. They are elected
by the People we know these men. They
are honestly elected. Not by News
Paper - T.V. Spots, Advertising with dis-
gusting commercials, by Partisan News
Commentators or Special Poll Systems that
misrepresent the Voice of the People.
by us. No Debates - Senate, Federal
Gov. White House, according to the
Constitution of this Country which was
form that no one man should have
this Power - Bush said with or with-
out approval he would take this
Country to War. This is dictatorship. He
forced Congress, he himself didn't
go to Congress. After the War with
England this was resolved. No man
should take this Power - Don't Love
these men so much that you can't
see their errors. I am grateful

that we have two Parties, Democrats & Republican. Its a Balance - The Republican Party Gashees the Democratic Congress to cover ups and make them look good. Because they have made so many errors in the White House. I have no respect for the White House Gang - The Basic Rights in this Country (Human) is pathetic. Never mind a Foreign Country.

Wait until this affair is over - and are Boys are home. How are they going to be treated? Like the rest of the Veterans. I was a Medic in W.W.II. Some of you will never see what I did. Some of you haven't been touched by depression. Some of you love a party but you don't know what its all about as long as you get your pay ch.

I hope we are not Protecting Bushes financial Investment in Saudi. I hope he don't get a big check like Reagan did from Japan. Unfair Import Taxation, Selling out are Economy. ~~President's~~ President Signature

Don't confuse these statements. People will support the Troops. We have no Choice - but we do not support a President that thumbs his Ass to us. We don't have to Bow down to him -

I hope are Constitution works, and
this man is made to abide by it.

He can't hide behind Morals -

He want to change a Supreme
Court ruling. The Womens rights to
chose. This is a law he will break

Not keep Church seperated from
Government. Then he showed his -

self on Camera with Billy Graham -

This is Hypocritical. He sent our boys
to a dishonest War. He didn't draft
from all areas - just the reserves.
He didn't listen to the Congress the
voice of the People.
