Dear Brian Lamb-

I saw some of your interview with Sally Quinn. As I am interested in what she wrote locally, I would like to have a copy of her article.

Will you kindly ask her to send a copy or, will you do that? We were completely shut out here. Nothing was in our paper that Ms. Quinn even wrote this, much less her speech or writeup in the paper. Of course, we don't have much of a paper here. It's a one-city, one-man paper that isn't very good.

I like your programs but sometimes I grow weary of continual repeats. All stations do this, the most flagrant is MSNBC with their infernal Time + Again. That is so bad and comes on so often. Yours

is a much better programming
and it shows. The rest should
take notice of your stations.
That's why you are unique!

Thank you. If there is any
charge for Sally's piece, please
let me know and bill accord-
ingly. If there is no charge -
thank you again for the
favor.

If I ever get to D.C. I hope
to visit CSPAN. Sincerely,
