C-SPAN/C-SPAN 2 does serve a worthy public service.

At least the tip of the Congressional iceberg does show slightly.

I am disappointed with the "Independence" of C-SPAN/2. I thought nothing would be heard from HR 4850 hearing in Energy and Commerce Committee. Now, after HR 4850 has been gutted and totally trashed without the slightest mention, C-SPAN/2 is really for the "District of Corruption".

C-SPAN was not allowed in the hearing? Shame on John Dingell. C-SPAN was silent. Shame on C-SPAN.
