Dear Mr. Lamb

There was a report on the radio
that C-Span was receiving telephone
calls seven to one against Clinton
so you changed the format ^{so} that
no longer happen.

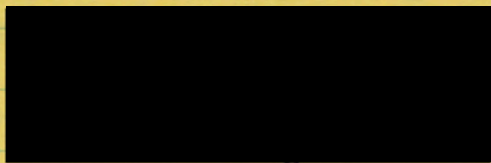

Well so much for free
speech.

Did the administration or
the FCC bring pressure
on you to do that? It sounds
more like something ABC or CBS, ~~CNN~~^{CHN}
would do than C-Span.

Respectfully

P.S. I would appreciate an
answer. I really had
a lot of respect for you
