Dear Mr. Lamb:

I want to tell you how much I love C-SPAN - it is my way of keeping track on how the crooks in Washington want to spend my money. I appreciate most of all your fairness - it is impossible to detect any bias from you or the other hosts. This is so rare, especially after being subjected to so much liberal bias from the major news source.

But I fear I may no longer be able to watch C-SPAN. Our local cable carrier (North Dekalb Cable) has announced plans to eliminate altogether C-SPAN II, and C-SPAN will only be on from 8:00 am to 4:30 pm. If I can't get C-SPAN, there is no need for me to get cable service. I have protested to the Cable Carrier, as well as to Rep John Linder and Sen Paul Coverdell.

I would be very pleased if you could send me your autograph, or if possible, an autographed picture.

I would also appreciate it if you could tell me if I could order a video tape of the funeral service for Pat Nixon which you carried on Sunday morning. I tuned it for only the last five minutes. Thank you

Sincerely,
