Dear Sirs:

Today, at 2:15 P.M.
My husband and I were
watching C-Span, The Senate
Hearings on the Subject of
The Fund-raisers for the
POW/MIA Cause.

Several times identification
of either Senators, or the
Representatives of the fund
raisers was run across
the screen.

When they spoke of
The "Attorney General's" They
were intending to say

262 330 455 C
[534 DEC 79C

Attorneys General - no
apostrophe needed.

Again, they said
POW/MIA'S and
There was no necessity
for the apostrophe.

Perhaps the person pre-
paring the captions was
having difficulty with
his plurals, and thinking
of A's, B's etc. Even in
I have instances, the offend-
ing apostrophe may be left
out.

You people must set good
examples in correct usage.
You know.
