

July 10 - 1991

I was watching the C-Span Network
yesterday - Covering the House of Reps.-
And I noticed your request that viewers
let you know how they feel about
C-Span programming. I think it is the
best that Cable has to offer. I am a
real fan of both C-Span & C-Span 2.
Thank you all you do to try & educate
our Citizens. Sincerely,

[Redacted]
