Subject: How about an alternative viewpoint?

Dear C-SPAN,

Thank you for bringing Washington, D.C. to cable homes throughout America. Your efforts confirm on a regular basis that government needs our help.

I have enclosed a newsletter from your neighbor, Christic Institute. If C-SPAN is the most up-to-date coverage, uncensored, true non-partisan views, why have we not heard about these findings on your network? Satellite teleconference and not a *peep* about it on C-SPAN!

When C-SPAN became popular you had no greater fan. I subscribed to UPDATE, called-in, wrote and participated in a telephone questionnaire. **You do not provide enough alternative views!** I feel my support of your network is playing into the hands of those who prey on America. You have become *their* voice.

Truly yours,
