Dear Brian Lamb-

Thanks to Cspan I've become acquainted with some terrific people in public life. For example this morning I was thoroughly charmed by Jeff Klein of Mother Jones -- I wrote him a fan letter too.

As for Fred Barnes I snopped the New Republic several years ago having become disgusted with their conservative philosophy masquerading as Liberalism. I also got set up with Fred Barnes. Today I realized I made the right assessment. Anyone who doesn't see any problem with semi-automatic weapons and doesn't think our health care system needs fixing is either a knave or

a fool-- probably both. I'm
sure that he gets fat
"speaking" Fees from both
the gun ~~lobb~~ and health
care lobbies! But I digress!

thanks so much for
making Cspan my LifeLine
to public affairs. You do
a terrific job. From Time
to time I get fed up
with cable (\$23.00+ monthly)
the reason I hang on is
Cspan. Now show that to
the boss!

Keep up the good work!
