Dear Mr. Lomb,

I am a C-Span junkie & especially enjoy "Washington Journal" & any of the interviews done by you, & also, Susan Swain, plus many others. I trust your judgement & integrity a lot - in this "wild world of spin-doctors"

I also read a lot of sources, & and I ~~am~~ a member of FBS - but I don't recall the information contained in this letter from Senator John Ashcroft - about Retired U.N. bureaucrats receiving pensions in large amounts - 38,000 of them from 181 countries. No wonder they want the U.S. to pay the U.N.!

Could you please have a program discussing this subject, & who are the leaders in Congress promoting these actions? I suspect Speaker ^{Gingrich} is one - because I know he is a CFR member. (our pleasure)

Thank you for all you ~~do~~ ^{to} enlighten all of us!
We need you all - so keep up the good work!
May Our Lord Bless you all!

Sincerely yours
